CONCENTRATED LIFE

Among the many little-known, little-estimated articles in use by a Druggist in Montreal, one which has become the most popular of the season is "Concentrated Life".

It is a preparation of the most refined and purest of the vegetable kingdom, which has been brought to the market for the first time.

CONCENTRATED LYE.

Amongst the many limitations of the celebrated lye is one by a Druggist in Montreal, for which he has borrowed the name "Extract of Soap" - and by the way, perhaps the best lye in the world is what is called "Extract of Soap." Well, this individual, whose ideas of Mount and Team are somewhat hazy, has got the bump of Extravagance largely developed, and he has tried his hand on the majority of popular articles which have been brought out for the last few years. This initiator, this borrower of other people's brains, trading on the reputation of an old established house, of which, by a strange dispensation of Providence, he has got the management, is pointing off his Extract on the public in place of the genuine. Purchasers will notice that the "genuine" has the subscriber's address stamped on each tin. For sale by all the leading Druggists and Grocers throughout the Dominion.

CONCENTRATED LYE.

Amongst the many imitations of this cele-
brated article is one by a Druggist in Mon-
treal, for which he has borrowed the name—
Extract of Soap—and by the way, perhaps he
can enlighten us as to what Extract of Soap
is, and why it is called so. Well, this individual
who, like a man of the name of Lye, has been
so largely developed, that he has tried his
hand on the majority of popular articles which
have been brought out for the last few years.
This imitator, this borrower of other people's
names, trading on the reputation of an old
established house, of which, by a strange
supposition of Providence, he has got the
management, in painting off his Extract on the
public in place of the genuine. Purchaser
will notice that the "genuine" has the
subscriber's address stamped on each tin. For
sale by all the leading Druggists and Grocers
throughout the Dominion.

Daily Intelligence.

MELVILLE, SATURDAY, JAN. 10.
ARRIVED OTT.—The steamship *Nova*
arrived at Ottawa yesterday.

THROWING OF THE ICE.—There will be
a race meeting on the ice at Demareville on
the 1st and 2nd of February. Prizes
amounting to \$250 are offered to be trotted
for.

PASSED.—We learn with pleasure that
Mr. E. D. Vandervoort, of No. 301 St. E.
Vandervoort, of Idaho, succeeded at the late
examination in the Normal School, Toronto,
in obtaining a teachers certificate grade "A."

BROADWAY.—A telegram from Col.
Burgess on the 11th, states that Capt. HENRY
STUART, Adjutant of the 40th Battalion, has
been appointed Brigadier-General of the Brigade
Division, in place of Maj. Col. Patterson, de-
ceased. The appointment, it is really
made, is a good one; but we have
reason to doubt the truth of the telegram in
the face of information that the office was
not to be filled.

GOVERNOR'S LADY'S ROBE.—L. A. Godey,
Philadelphia, Pa., \$3 per year. The Febru-
ary number of the *Illustrated* has been
received. Its illustrations are
two Valentine plates, a handsome fashion plate,
an alphabet of interlaced letters, large pre-
sentation card of Miss Lilliput's Party.
In the work department, the usual variety
of designs for fancy work occupy a large
space; and entertaining reading matter by
popular authors continues to make it a
valuable magazine for ladies.

TRICKS.—Another paper sensation may
be expected soon. A coroner's inquest was
held at Cleveland, O., on Monday on the body
of a Mr. Martin, who died in a mysteri-
ous manner. The facts brought out at
the inquest are that about three weeks be-
fore Christmas Martin purchased a carcass of
pork. Some of the meat was eaten the
Sunday and some was sent to his sausage
maker. About ten days later the sausage was
taken out, and in a short time the whole family
was taken sick. Martin died on Sunday
night; Mrs. Martin and two children are
now very sick and the doctor is unable to
recover. The jury rendered a verdict that
Martin came to his death by eating meat
afflicted with trichina spirals.

Evangelical Alliance.
At the 11th meeting of the Belleville
branch of the Evangelical Alliance, held on
Friday evening, the 12th of January, the
commemorative and comfortable basement of
the new St. Andrew's Church, the following
officers were elected for the ensuing year:

President—J. G. Campbell Esq.
Vice President—J. G. Campbell Esq.
Secretary—Wm. Johnson Esq.
Treasurer—F. McFarlane Esq.
Committee—Messrs. R. Elliott, R.
Stephenson, Wm. Hayes, George Robertson,
G. Woodcock, A. L. Green and Dr.
Hewitt.

After the election of officers, it was
resolved to continue the Union Prayer meet-
ings hereafter, namely once in the month,
and on Monday evening had been found
inconvenient it was decided to hold them
on the third Friday in each month.

To the Editor of the *Intelligencer*.
A Nuisance.
The attention of the Police and the Health
Inspectors is respectfully called to a nuisance
situated on Hotel Street, almost at the intersection
of Ann Street. Some of the inhabitants of
a palatial residence deposit from day to day
filthy, garbage, ashes, tinware of various
kinds, empty oyster cans, and a host of other
"too numerous to mention," on the public
highway. Apart from the disgusting ap-
pearance of the nuisance, it is a great inter-
ference with locomotion, more than one farmer
has refused to drive to the fair of the town
until the nuisance is removed.

ONE WHO LIVES BY TAYLOR'S HILL.
January 10th, 1872.

Synopsis Midnight Despatches.

CANADA.
Mr. H. R. Abbott, of Elizabethtown, has
been nominated as the Conservative candi-
date for the House of Commons at the next
election in Brockville.

The Hamilton & Lake Erie Railroad
has been carried by a majority of 300.
Gold has been in a state of cutting
on the 10th by a majority of 18 shillings.

Bogazovic, of Chicago, and Payne, of New
York, had a pugon shooing match at Fort
Erie on the 12th. Bogazovic was the victor.

It is proposed to close the Ottawa public
schools for one month, in consequence of
the prevalence of small-pox in that city.

A school girl named Brown, while at-
tempting to jump on a sleigh near Bytown
on the 12th, was run over and instantly
killed.

John Brown, a hotel-keeper and Division
Court Bailiff at Strevellville, committed sui-
cide by hanging himself on the 12th. Pe-
cuniary troubles and intemperance were the
cause of his death.

Small-pox cases are increasing in num-
ber in Montreal. The doctors' offices are
crowded with people who want to be vac-
cinated.

OUR GREAT TRIAL.
Rev. Mr. Watson, who has been on trial
at Chatham for the murder of his wife, has
been found guilty.

The Steamship *Spina*, which put back to
Quebec on the 9th, with her crew
disabled, has been towed to Liverpool,
where she will repair. Her passengers
were transferred at Quebec to another
outgoing steamer.

The number of miners killed by the ex-
plosion in the Oakland colliery does not
exceed twelve, all told. All the missing
men are accounted for. Such investigation
as has been made so far indicates that the
disaster was caused by the ignition of fire
damp.

Mr. Scudamore has been appointed di-
rector general of telegraphs of the United
Kingdom.

FRANCE.
There has requested Gambetta to dis-
continue his political address in the
South of France.

The Committee of Parliamentary Initiative

now confined in the hulks who are not
known to be guilty of criminal acts.

established. The name of the Legation Nuncio
has not been announced.

HAVTI.
The Prussian man-of-war has arrived at
Port-au-Prince, and her officer commanding,
demands a settlement of the German losses
suffered during the revolution. The
French man-of-war also arrived and de-
mands a settlement of the French debt.
The affairs of the country are in a critical
condition. The Ministry have resigned.
The United States frigate Congress is ex-
pected.

UNITED STATES.
It is reported that the Grand Jury of
the Court of Oregon and Termini have found
an indictment against Stokes, the murderer of
Fisk.

A terrible wild storm visited Monticello,
Ark., on Thursday night, blowing down
four churches, and leaving nothing stand-
ing but the walls of a fifth. It also de-
stroyed the court house, uprooted houses,
burned and threw three to the ground. The
losses were estimated at \$100,000. No lives
were reported lost, and few persons were in-

CONCENTRATED LYE.
Amongst the many limitations of this cele-
brated article is one by a Druggist in Mon-
treal, for which he has borrowed the name
"Extract of Soap"—and by the way, perhaps
he can enlighten us as to what "Extract
of Soap" means. Well this individual,
whose ideas of "Monsieur" and "Tons" are some-
what hazy, has got the bump of imitations
so largely developed, that he has tried his
hand on the majority of popular articles which
have been brought out for the last few years.
This imitator, this borrower of names, has
been trading on the reputation of an old
established house, of which by a strange
coincidence of Providence, he has got the
public in place of the genuine. "Fardieu"
will notice that the "genuine" has the
subscriber's address stamped on each tin. For
sale by all the leading Druggists and Grocers
throughout the Dominion.

The United States Navy.
The American people, so some of their
leading journals feel bound to confess, have
for years been permitted to entertain the
delusion that they possessed a powerful
navy, inferior only to those of England and
France. But all these notions respecting
their naval strength must be discarded now,
for war with any moderately strong power
would find the United States completely
practically helpless. Indeed it is so, for
the forty-five armed vessels which constitute
their fleet, the majority are only second or
third-rate vessels, and some have been cap-
tured into merchant ships. Indeed it is so,
for the fleet is so weak that in case
of war the security of the seaports and
principal cities like New York would be
endangered. Under these alarming cir-
cumstances our American friends have a
chance of securing their safety by laying
down torpedo in the ship channels, and
thus keeping the enemy at bay. He delighted
as they are at the present in their weakness
that they explain: "So for our seaports
and inland we have the torpedo, abso-
lutely safe, and more destructive power than
any other weapon. It is a perfect security
of safety. It now appears that the
Americans require ships and guns com-
petent to contend with the most powerful
of the nation. Their ordnance is no longer
by other nations. Not only are the
defects of other nations admitted to be
superior to those possessed by the United
States, but the guns they carry, the Ameri-
cans say, have more destructive power than
can be produced in American factories. This
confession of weakness by the United
States during the critical state of affairs with
Spain must be felt to be very humiliating
to the nation. Their ordnance is no longer
